What is a Recovery Specialist?

The Recovery Specialist is an individual with personal, lived experience of their own recovery. By offering insight into the recovery process, Recovery Specialists are able to share a unique perspective with those with similar life experiences. Recovery Specialists accept and agree that their experience as a person in recovery from a substance use disorder will be known by their colleagues, individuals served, and others with whom they may share that they have achieved this credential.

CRS REQUIREMENTS:

- Lived Experience in the Federal Criminal Justice system: Formerly incarcerated in the Federal Bureau of Prisons, and/or currently or previously on Federal Supervised Release.
- Formal Education: Minimum high school diploma/GED.
- Personal, Lived Recovery Experience: More than 18 months in a continuous manner of personal, lived recovery experience as of the first day of the training.
