## CLINICAL WORK EXPERIENCE

---

**REQUIRED: Two (2) years of full time or 4000 hours of part-time work experience in the specific CADC domains with a bachelor's degree; OR Three (3) years of full-time or 6000 hours of part-time work experience in the specific CADC domains with a non-relevant bachelor's degree.**

Applicant must have primary responsibility for providing substance use disorder counseling in an individual and/or group setting, preparing treatment plans, documenting client progress and is clinically supervised.

No other work experience in the drug and alcohol field can be used for counselor certification other than what is stated above.

Qualifying work experience can be from multiple employers to accumulate the required years/hours. If the applicant's work experience requirement is not fulfilled from their current employer, they must include **documentation from previous employer(s)** verifying their title, duties and dates employed with their application. DO NOT submit a resume as proof of previous work experience. Applicant must contact previous employers and request detailed documentation of their employment from them.

The applicant **must be currently employed working in the CADC domains** at the time of application.

All work experience **must have occurred within the last seven (7) years**. Volunteer work is not acceptable. Time spent participating in or facilitating mutual support groups is not acceptable.

Examples of positions/titles that typically are not eligible for counselor certification include but are not limited to case managers, technicians, peer and recovery counselors/specialists, intake/admissions workers, drug court/probation and parole professionals, etc.

**Clinical internships** completed as part of a college degree program may be eligible to use toward the required work experience. Internships must:

2. Be well documented by the agency in which the internship occurred;
3. Have been supervised; and
4. Appear on the official college transcript.

## CURRENT JOB DESCRIPTION

---

All applicants must include a copy of their current counselor job description. This **document is provided by your employer** and must be signed and dated by the applicant and their immediate clinical supervisor.

Job descriptions determine and verify eligible current work experience. Job description must clearly delineate drug and alcohol counseling as a primary function of the position.

**If you have held different counselor positions with your current employer**, please provide all relevant job descriptions with the application. For instance, if you started as a counselor assistant, then you were promoted to a Counselor I and then a Counselor II, include all three job descriptions.

In lieu of job description(s), employer may provide an official position description on agency letterhead. This required documentation must include the applicants' dates of employment (to/from) employment status (full-time or part-time), title of position, a detailed description of the duties and responsibilities for the position, and the average number of hours per week the applicant worked.

## ON-THE-JOB CLINICAL SUPERVISION

---

**REQUIRED: 200 hours of on-the-job clinical supervision of qualifying work experience in the specific CADC domains, with a minimum of 10 hours of clinical supervision in each domain.**

---

Supervision is a formal or informal process that is evaluative, clinical, educative, and supportive. It ensures quality of clinical care and extends over time. Supervision includes observation, mentoring, coaching, evaluating, inspiring, and creating an atmosphere that promotes self-motivation, learning, and professional development. In all aspects of the supervision process, ethical and diversity issues must be in the forefront.

**PCB has no requirements for who provides clinical supervision.** The person providing clinical supervision is at the discretion of the agency and DDAP staffing requirements.

Clinical supervision can be provided in an individual, one-on-one setting and/or observation of skills or group supervision setting.

Clinical supervision can be provided by **more than one supervisor**. In this case, provide a copy of page 12 of this application to all the supervisors documenting supervision on your behalf.

---

**Education is defined as** formal, structured instruction in the form of workshops, trainings, seminars, in-services, college/university credit courses, and online education.

There is **no limit to the amount of online education** that may be submitted.

Most three-credit college/university courses count as 45 hours. One training CE/CEU counts as one hour.

Out of state education is acceptable.

**All education/training must be documented.** College courses are documented with an official college transcript. Trainings are documented with copies of training certificates.

Training certificates must have the applicant's name, title of training, date(s) of training, the number of hours being awarded, and the name of training organization. Training certificates submitted without this required information on them will not be accepted.

If a training title on a certificate of attendance does not clearly indicate the education content, attach a copy of the training description.

Training registration forms and/or training sign-in sheets are not acceptable forms of documentation.

**Training must be non-repetitive** meaning the same training cannot be claimed more than one time even if the training is taken on different dates from different providers.

Official employer training tracking system/learning management system reports may be acceptable forms of documentation for education/training provided that the report contains the name of the employee/applicant, titles of each training, dates of each training, the number of hours of each training, and is signed by the applicant's supervisor.

There is **no time limit** on when the education/training was received.
